PROFESSIONAL EXPERIENCE

Frontend Developer Intern | LetsRemotify Remote | 7-2024 – 11-2024

- Key Project Goals**
Engineered scalable and reusable UI components for a high-traffic, client-facing web application using **React.js** and **Tailwind CSS**. Focused on performance optimization, accessibility, and seamless API integration to enhance user experience and maintain cross-browser compatibility

Backend Developer Intern | gaoTek Remote | 1-2025 – 4-2025

- Key Project Goals**
Architected and deployed secure, high-performance REST APIs using **Node.js**, **Express**, and **MongoDB**. Implemented **JWT-based authentication** with role-based access control, reducing unauthorized access by **80%**. Optimized database queries for a **30% boost in response time** and containerized the backend using **Docker** to enable seamless CI/CD integration and environment consistency.

KEY PROJECTS EXECUTED

- Project:** React Dashboard UI | **Duration:** 7-2024 – 11-2024

Key Achievements

- Designed and implemented a responsive admin dashboard using React and Tailwind CSS
- Integrated dynamic charts via Chart.js and optimized component rendering for 30% faster load times
- Collaborated in Agile sprints using GitHub Projects and Jira

2. **Project:** Social Media App (Backend APIs) | **Duration:** 1-2025 – 4-2025

Key Achievements

- Developed scalable backend using Node.js, Express, and MongoDB with JWT-based authentication
- Built APIs for posts, comments, likes, and user management with 99% uptime
- Optimized DB queries and integrated middleware for validation, error handling, and logging

EDUCATION

- **Bachelors – Computer Science** | UOB | 2025 | Graduated
